- Physical AI & Smart Factory Expo -

2026. 10. 14 – 10. 16

An AI Exhibition Shaping the Future of Industry

THE NEXT Ai

- Physical AI & Smart Factory Expo -

2026 THE NEXT AI is Korea's premier AI exhibition for manufacturing and industry, showcasing Physical AI, AI-driven manufacturing solutions and smart factory innovations. The exhibition connects demand-side enterprises and solution providers through structured consultations, enabling practical collaboration and global partnerships for the future of manufacturing.

Event Overview

Title THE NEXT AI 2026 (NAI 2026)

Period October 14 (Wed) – 16 (Friday), 2026

Venue Changwon Exhibition Convention Center (CECO)

Scale 130 companies, 350 booths

Hosted by

과학기술정보통신부

경상남도
GYEONGNAM

창원특례시
CHANGWON SPECIAL CITY

Organized by

Jm COMPANY

GNTA 경남관광재단
KYEONGNAM ASSOCIATION
OF ROBOT INDUSTRY

경남테크노파크

Main Program

Global Exhibition

A business AI industry exhibition featuring 80 companies and 350 booths from domestic and international participants.

Business Matching Session

One-on-one meetings with international and domestic buyers for tailored business consultations

Side Events

Global Seminars and Forums

Sharing the latest trends in AI technologies and business information from domestic and international.

AI Startup Pitching Day

Building a network for venture capitalists and angel investors to support the AI startup ecosystem.

Experience Events

Demonstrations and test drives of various AI-related mobility technologies and innovations.

Educational Events

Drone, robot, and autonomous vehicle competitions for educational purposes

Exhibited Items

AI

AI/IoT technologies and platforms, ICT convergence services and solutions, communication technologies, big data, etc.

AI Factory

AI-powered Smart Manufacturing & Logistics, AI Vision Inspection, IIoT, Production & Process Automation Solutions

AI Robot

Industrial & Collaborative Robots, Service Robots, Logistics Robots, Educational & Personal Robots, AI-based Robotic Solutions & Platforms

AI Home Appliances

Smart Home Devices, AI Home Appliances, IoT-connected Appliance Platforms, Personalized AI Home Services

AI Drones

Industrial & Specialty Drones, AI Autonomous Flight Systems, UAM/AAM Technologies, Drone Data Analytics & Control Solutions

AI Automotive

AI Technologies for Autonomous Driving, Intelligent Vehicle Sensors (Camera/LiDAR/Radar), In-vehicle AI Software & Mobility Platforms

AI Shipbuilding

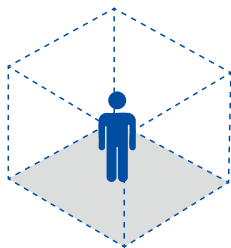

Smart Ships, AI-based Navigation & Shipbuilding Process Management, Autonomous Sailing Technologies, Marine Data Analytics & Predictive Maintenance Solutions

Exhibitor Application Guide

Raw Space (Independent Booth)

\$ 2,600

(per booth, VAT excluded)

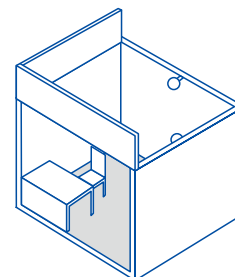

•Space only (3m x 3m) •Minimum of 2 booths required for raw space only
